AGENCY EMPLOYEES CURRENTLY DRAWING HAZARD PAY DIFFERENTIAL OR ENVIRONMENTAL PAY DIFFERENTIAL FOR HAZARDOUS DUTY (C)

25X1A

(C) According to information received from [REDACTED] Chief, Compensation and Tax Division, Office of Finance, this date, nine General Schedule employees are currently drawing a 25% hazard pay differential for performing hazardous duty on an irregular or intermittent basis. Such duty involves the handling of explosives and incendiary materials in an approved training, testing and operational support program. The rate of the hazard pay differential, the condition of payment, and the nature of the hazardous duty are in compliance with the schedule of hazard pay differentials prescribed in Federal pay regulations.

25X1A

[REDACTED]

(C) For your information sixteen prevailing rate employees are also drawing an environmental pay differential for performing hazardous duty. However, none of these employees is a CIARD participant.
